

This guide will have a distribution of 500 copies throughout the province and industry at large. It is posted and updated regularly on our website. The participation fee per company is \$150.00 + gst. Only affiliates who list products or services in the Product Guide and on the website will be invoiced. If you do not have product or services listed, you will not be invoiced. If you wish to be removed from the Product Guide, please confirm, in writing, your non-participation.

Check your current product listing online at [www.mca-sask.com](http://www.mca-sask.com). Go to the Affiliates Product Guide, pull up any product you carry, click on your company name beside that product and a list of all the products your company currently has will show. These pages can be edited, and any additions or deletions can be made right on these pages then emailed right back.

Attached are a set of product sheets. These should be completed if:

- You are new to MCAS
- You have changed or added to the product you handle
- You have new or changed web sites and/or email addresses
- You noticed categories missing from our last publication that you have product for
- Make sure we have the correct addresses and contact information for **all** your Saskatchewan locations
- **Please indicate in the far-right column A for an Addition, C for a Correction or D for a Deletion**

If everything is to remain the same for your company, please just fax this cover sheet back to us with the following completed and we will know your information remains as shown last year. **DEADLINE FOR PRINTED BOOK INCLUSION IS Sept 30<sup>th</sup>, 2019. PLEASE PRINT CLEARLY.**
