In this online Teams program, participants will review the Administration side of both the Gas and Plumbing technologies.

A full over-view of the GEIS system including permit entries, viewing file attachments, permit status updates and locations of inspectors contact information will take place.

The Gas and Plumbing Fee Schedules will also be reviewed.

Clarifications on terms in the Schedule as well as proper selections of Job type, Equipment, Application, BTUs, and Fee requirements will follow.

THE PRESENTERS

Pat Nast

Pat Nast is Gas Manager North for the Technical Safety Authority of Saskatchewan. He will host the presentation along with a representative of the TSASK administration .
